## CAPITAL AGAIN MOVED, MANY TROOPS CAPTURED

Serbia Is In Desperate Straits, Her Capital Has Again Been Moved and Many Prisoners and Cannons Captured—Fierce Fighting on Italian Front With Italians Gaining—Greek Premier Is Expected to Resign Because of the Differences Between Great Britain and Greece—Russians Claim Victory Over Germans Before Riga—China May Reject the Proposal of the Allies To Join Them—England Denies the Blockade of Greek Ports—Another Greek Cabinet Crisis Seems Near—It is Believed Greece Has Partially Agreed to Demands of Allies.

[By Associated Press.]  
London, Nov. 23.—The Serbian government has been removed to Prisrend, near the Albanian frontier and the diplomatic force is going to Petch, Montenegro.

Rome reports a desperate battle raging for Gorizia, where the Italians retain the recent advance.

On the Carso plateau the Italians took the offensive, making fresh progress.

In Serbia, Berlin says that eight thousand Serbians and sixty-five guns were captured southeast of Pishina, and that fifteen hundred additional Serbians were captured elsewhere.

A Salonika message states the Greek premier, Skoufodis, is expected momentarily to resign on account of differences between Great Britain and Greece.

There is little news from the eastern line except for the Russian announcement of the defeat of the Germans before Riga.

Artillery is busy on the western front, where the only recent activity has been mining and aerial operations.

China May Reject Proposal.  
[By Associated Press.]  
Peking, Nov. 23.—The suggestion of the entente allies that China join them was not well received by Yuan Shi Kai, who is unwilling to abandon his neutrality and sacrifice the German good will.

England Denies Blockade.  
[By Associated Press.]  
London, Nov. 23.—The foreign office states that no Greek ships are being seized or held up in British ports and no blockade of Greek ports has been instituted or put in force.

No amplification of this statement is available, but the universal deduction is that Greece has satisfied the

British demands and guaranteed the safety of the Anglo-French expeditionary forces. It is now believed the Athens announcement concerning the commercial blockade of Greece was premature, presenting only provisional intentions of the Allies as accomplished facts.

Germans Pressing Serbs.  
[By Associated Press.]  
Berlin, Nov. 23.—The Austro-German and Bulgarian forces are pressing the Serbians in the drive toward Kosova Plain from both northeast and southeast of Belgrade, according to a statement here, and the Tenthers now are nearing Mitrovitz, the recent Serbian capital.

An unconfirmed report from Constantinople says the Allies have resumed a violent offensive at the Dardanelles.

British Consols Low.  
[By Associated Press.]  
London, Nov. 23.—The abolition of the minimum prices imposed at the outbreak of the war did not lead to much selling pressure on the stock exchange today and consols, which had been noted at a minimum of 55, dropped to 53, the lowest record in more than a hundred years.

## ARMY AEROPLANES STRUCK HIGH WINDS

Two Landed Safely in Austin, While Four Lost Their Course on the Trip.

[By Associated Press.]  
Austin, Texas, Nov. 23.—One of the six army aeroplanes, which left Waco at 9:30 this morning for Austin, was missing at 2 o'clock this afternoon. The machines, after leaving Waco encountered a strong east wind and hazy weather made the following of landmarks difficult. Two of the aeroplanes landed at Austin, two at Lampasas and one at Kingsland, near Marble Falls. Every effort is being made to locate the sixth machine.

Lost Flyer Showed Up.  
Austin, Texas, Nov. 23.—The missing aeroplane arrived safely here this afternoon. The other three are expected to leave Lampasas and Kingsland this afternoon. All had lost their course.

## MUNITIONS PLANTS MAY BE DOOMED

German Prisoner Says in Six Months Not One Will Be Left in the United States.

[By Associated Press.]  
Baltimore, Nov. 23.—Otto Buelow or Unger, the suspected deserter from the converted German cruiser Prinz Eitel Friedrich now interned at Norfolk, declared that "in six months time there will not be a war munitions plant in operation in the United States," according to City Detective Robert Porter, who took the man to Norfolk last Friday night.

Buelow was arrested last Tuesday, had pretended he could not speak English, but Porter said he conversed in that language with the prisoner on the trip to Norfolk.

Buelow said he knew the location of all the munitions plants in the country. He told the officer that he had been arrested "just one day too soon" and that he "knew a whole lot, but would die before telling it."

## BRITISH SUBS GO TO BALTIC SEA

Powerful Squadron Reported to Have Convoyed Undersa Vessels to Entrance of Baltic.

[By Associated Press.]  
Copenhagen, Nov. 23.—The passage of a large flotilla of British submarines, variously estimated at from 10 to 25, into the Baltic, is given here as an explanation of the recent naval activity in the Cattagat, where both German and British destroyer flotillas have been sighted.

According to current reports, a powerful British squadron convoyed the submarines to the entrance of the Cattagat, at the Skaw, the northernmost point of the Jutland coast. The large ships stopped there, while the destroyers convoyed the submarines as far as Elnore, at the narrowest part of the sound, whence the submarines alone proceeded into the Baltic.
